Examples of commentary:

‘In-store promotion’

“Offer on wine for the whole month (save 25% when you buy 6 bottles). The promotion was available in-store and online, contributing to an increase in both total turnover and internet sales.”

‘Special events (e.g. sporting events)’

“This was the month before the start of Euro 2016 (football), we recorded an increase in sales of audio-visual equipment (e.g., televisions and audio equipment). This led to an increase in sales both in-store and online.”

‘Weather’

“The bad weather has decreased our sales of summer clothing. This has led to a reduction in total turnover and internet sales this month.”
